

Travelling to Gloucester (From Birmingham or Bristol Airport)

While we do advise travelling by coach as the cheapest and often easiest means of transport to Gloucester, this is not always the case when travelling from either Birmingham or Bristol Airport.

When travelling from either of these airports, please always compare the price / and journey time of a coach with that of train transportation.

For travelling from either airport, please use the following website: www.thetrainline.com

The image displays two screenshots of the thetrainline.com mobile app search interface. Both screens show a search for Gloucester as the destination. The left screenshot shows the origin as Birmingham International, and the right screenshot shows the origin as Bristol Airport (By Bus). Both screens show options for One Way, Return, and Open Return, and a 'Get times & tickets' button.

OUT		RETURN	
Today	Tomorrow	Same day	Next day
14-Mar-18			
Leaving at		Leaving at	
11	15		

Please note:

When you travel by train, you will receive and use tickets that look something like [this](#).

When you arrive at Gloucester Train Station, you will need to pass through ticket machines and these machines will try to take your tickets. DO NOT LET THEM! Instead, tell the Guard next to the machines that you need to keep your tickets and he/she will let you through.

It is sometimes the case that when you buy a train ticket online, you will need the card that paid for it to collect it at the station. Please therefore make sure you pay for your tickets with your own credit / debit card.
