

Requests for our guests

We would be grateful if you could follow these house requests:

- Please remove your shoes before walking on any carpeted area.
This makes it much easier for us to clean and so much more comfortable for you.
- Please do not take any food or drinks to carpeted areas.
Enjoy a social drink or meal in the dining room and gallery instead.
- Please be mindful of energy consumption - do not leave lights on, water running, heating on, or doors open unnecessarily.
In doing this, you will join our community effort to live more sustainably and economically.
- Please only smoke in the designated areas (front and back of the house) and dispose the cigarette butts in ashtrays provided.
Let's keep the place beautiful.
- Please take care of your own rooms as there is no daily room upkeep.
Ask the house team for extra bin bags, cleaning products, or anything else you might need.
- Please do not leave wet towels or items of clothing on any wooden furniture or surfaces.
Our beautiful antique furniture is susceptible to water damage.
- Please leave books borrowed from the library on the table - do not put them back on the shelves.
Our librarian will make sure the books go back to their original spot.

And finally, if there are any issues, please let us know.
We will do our very best to help.

Thank you very much!

The ASHA Team
